Kamala Harris

While both candidates have a mix of neutral and negative sentiment Pence's negative sentiment consist of keywords that describe policy or performance. Harris's negative sentiment is far more personal.

Mike Pence

Overall Insights

- Donald Trump and Joe Biden have both seen spikes in the last month in all metrics. However, the conversation surrounding Donald Trump is much greater when looking at all metrics.
- In the VP Conversation Pence's themes involve policies and are performance driven but Kamala Harris' themes are about gender and race.
- 2 out of the 3 spikes in conversation for Joe Biden are articles supporting Donald Trump. Even when the conversation is about Joe Biden, it is centered around Trump and what he is doing with the issues or ideas.
- The majority of sentiment regarding Joe Biden comes from Republican influencers, once again displaying that the conservative voices are dominating the presidential conversation on social media
- Kamala Harris is dominating Mike Pence on social conversation
